254	Notice of Motion - Origin Destination Study: Karilla Avenue Lane Cove North	**RESOLVED** on the motion moved by Councillor Flood and seconded by Councillor Bryla that Council: 1. Consider the inclusion in the Delivery Program and Operational Plan and Budget for 2025/2026 the undertaking of an Origin-Destination study for cars using Karilla Avenue to help evaluate whether the traffic calming measures have reduced the volume of cars using the two-way rat run, 2. Undertake the Origin-Destination study within 12 months of the Karilla Avenue traffic calming measures being installed. The study should assess rat-running (based on the accepted Transport for NSW definition of rat-running) during the recognised peak travel times and it shall not be done during school holidays. It should, as closely as possible, mirror the study undertaken previously to provide a good point of comparison, 3. Receive a report comparing the new Origin-Destination study data to the baseline results from the 2015/2016 study. If the study does not show a significant reduction in rat-running, the report should outline additional measures available to address specific concerns with the Karilla Avenue rat-run.	12/12/2024	27/02/2026	In Progress	**13 Oct 2025** Lighting design for raised pedestrian crossing at Karilla Ave/Centennial Ave is underway.
